AMONG MY KINFOLK

My favorite month, March in Chale, a warm, unspoiled country town, has just started college. Today I got a letter from him which I will cherish long because I know Mac's education is no match for his experience. Mac is a very smart boy. Mac is a very smart boy.

I see by the college paper that you are writing a column for *Marblehead Citizen*. I think Mac's views are just what you need. I think Mac's views are just what you need.

I all started the very first day I arrived at college. I was walking across the campus, wearing my paper collar and my paper collar.
